

Guide to Fundraising for Care for Veterans

How can I help?

Care for Veterans receives no regular Government funding and each year we must raise £1.9 million so that we can continue to provide the very high standard and range of care for which we are known. We rely on the support of individuals, organisations and companies to help us to raise these funds.

Here are some examples of how YOU can get involved and support us and our wonderful veterans:

Fundraise Your Way

There are so many ways that you can fundraise and help us support the veterans in our care. From bake sales to shaving your head, the possibilities are endless!

You will have a dedicated member of our fundraising team with you every step of the way, to support you and answer any questions that you may have. Just follow these simple steps and your fundraiser is sure to be a success!

Decide what you're going to do - Set up a fundraising page - Get the word out

If you'd like to register your fundraiser, or perhaps you just want to talk it through a little, please call Phoebe on **01903 218444** or email **phoebe.tether@careforveterans.org.uk**

Get involved with our events

We organise many events throughout the year, including challenges, quizzes, a golf day, and much more!

See our website for all the Care for Veterans challenge events you may like to take part in, or if you are taking part in other events, let us know and we'll provide you with a Care for Veterans t-shirt, sponsorship forms, helpful fundraising hints and tips, and anything else you may need.

We'll help you rise to the challenge and achieve your goals.

Volunteer

Our team of volunteers give priceless support to Care for Veterans and we are most grateful for their fantastic help. Whatever your background, age or abilities, you'll find volunteering with Care for Veterans to be challenging and rewarding, and you'll quickly get to be part of our team and know what a great feeling it is to be supporting our wonderful veterans.

Please know that your help will go a long way in ensuring that the veterans in our care continue to receive the support they need.

So, get creative! No idea is too wacky. Contact us today and let us help you make your ideas a reality...
