Care for Veterans

We are a UK charity caring for physically disabled veterans from the RAF, Army, Royal Navy and auxiliary services, and their immediate families.

We provide long-term nursing care, rehabilitation, respite and award-winning end of life care at our 60-bed facility in Worthing, West Sussex.

We offer specialist care for those with an acquired brain injury (ABI) or degenerative neurological condition, such as multiple sclerosis, motor neurone disease and Parkinson's.

"When I came here I couldn't walk or move my arms. I am now walking with a stick and using my arms, which is absolutely excellent for me."

Scott, former resident

Care and rehabilitation

Alongside 24-hour nursing care, we offer a comprehensive rehabilitation programme which includes:

- Physiotherapy
- Occupational Therapy
- Speech and Language Therapy
- Neuropsychology
- Well-being activities
- Organised events and outings
- Chaplaincy

Over 100 years' caring for veterans

Formerly known as The Queen Alexandra Hospital Home, the charity was founded in 1919 to care for those who had been permanently injured and disabled in the First World War.

Cookery sessions in our specially adapted kitchen help build some of the essential skills needed for independent living.

How are we different?

As an independent provider, we are able to bridge gaps between health and social care to deliver innovative solutions for people with physical disabilities and complex needs.

Our comprehensive range of in-house services and high standard of nursing allows us to provide care that is specific to the needs of each individual.

This helps our residents achieve major goals for rehabilitation, quality of life and independence.

How we have helped Steve

Former Royal Engineer, Steve, suffered a severe brain injury when he was involved in a near fatal motorcycle accident at age 39. It greatly affected his speech and paralysed one side of his body.

In 2018, Steve came to Care for Veterans to be with other veterans and because of the wide range of rehabilitation available to him.

Steve says: *"I love it here as we all share a common background. The physiotherapy is the best I have ever had – they give me goals to achieve and work me hard. Most importantly, the staff here gave me a new determination to succeed with my recovery."*

Can we support you?

We accept residents from the age of 18 and we have 60 beds for both permanent and short-term stays at our facility in Worthing, West Sussex. Our facilities are available to anyone who has served in HM Armed Forces, at any time and in any capacity. Immediate family members are also eligible for admission.

To find out more, or to discuss becoming a resident, please call **01903 213458** or email **info@careforveterans.org.uk**

Get involved

As a registered charity, Care for Veterans must raise over £1.5 million a year to continue our life changing work for our nation's heroes.

Join our incredible community of fundraisers and volunteers. Pop along to an event, take on a challenge, play our lottery or volunteer your time.

You can view our upcoming events at **careforveterans.org.uk/events**, or give us a call on **01903 218444** or email **fundraising@careforveterans.org.uk**
